

## Vulture Peak

Vulture Peak is near the location of *The Vulture Mine* founded by Henry Wickenburg in 1863.

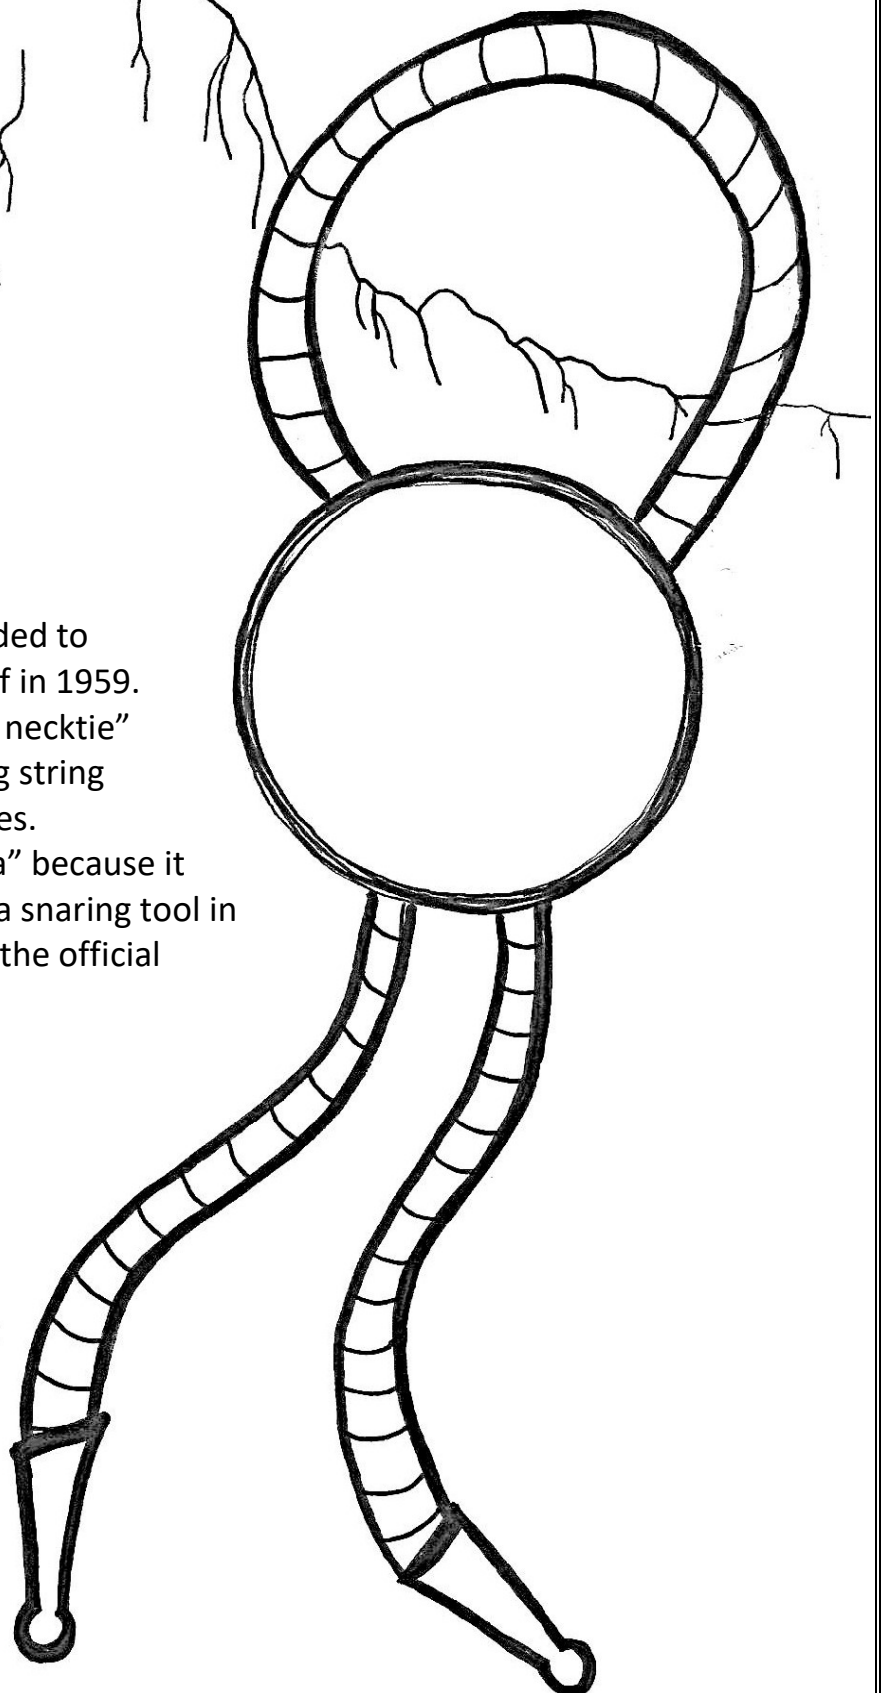

The Vulture Peak hiking trail is rated moderate and recommended during the cooler months.

## Bola Tie

The Bola Tie patent was awarded to Wickenburg's own Vic Cedarstaff in 1959. It was originally called a "piggin' necktie" because it resembled the pigging string used by cowboys to hog-tie calves. Cedarstaff chose the name "bola" because it resembled a *boleadera* used as a snaring tool in Argentina. The Bola Tie became the official neckwear of Arizona in 1971.

Design and color a bola tie.
